

Grass MarkingPaint

FEATURES

Grass Marking Paint is a water-borne acrylate emulsion specifically designed for the general marking of grass sporting fields.

Grass Marking Paint combines a unique blend of pigments and extenders to produce a highly visible and durable ground marking.

Being water-borne, **Grass marking Paint** will not harm grass or the soil, is simple and safe to apply, and dries quickly to a uniform flat finish.

RECOMMENDED USES

Grass Marking is specifically designed for line marking grass sports fields.

However, it can be used wherever ground marking is required to provide a visible and highly durable signal.
